

This Week in the Church

Can Berea Friendship help with Fencing? Our neighbor Steve Katsampieres owns the trailer park beside the church. He is asking for our help with installing a fence between the two properties. It would be a much needed addition. Please let myself or Trustee Chair Dena Nalley know if you can contribute sections of fencing.

All necessary monies for purchasing video cameras have been donated. These cameras are a necessity to improve our online worship. Our online audience deserves to better experience the flow of our services. Cameras will also greatly improve the congregation's ability to see Children's Moments etc. We are blessed!

Our new Administrative Assistant has started. Dena Nalley began her new position with BFUMC this past Friday. Her schedule will be slightly different than Debbie Capps. Dena will be in the office Tuesday through Friday 9am to 1pm. We are blessed!

The Nominations Team has done an amazing job in 2021. I am very grateful to the Nominations Team for their efforts this year. Their selections proved very insightful and fruitful. I also want to thank the congregation for their amazing responsiveness and willingness to serve in 2022. The future looks bright at BFUMC! We are blessed!

We are looking forward to six persons officially joining our fellowship on October 24th. Please plan on attending a fellowship lunch after service that day. We hope to have some space for outdoor dining, if weather permits. We will be having barbecue chicken cooked on the UMM's grill. We are blessed!

The Outreach Team is preparing several events in the near future. Please plan on participating in the following events: celebration of new members on the 24th, Trunk or Treat on the 31st, and the Family Fun Day (car show, vendors show, Quilters Bazaar, and more) on November 6th. I was unable to attend the last meeting, so please watch the bulletin for more details. We are blessed!

Charge Conference will be October 31st immediately following service.
